MOORE TO REOPEN TAX SEGREGATION

Recent Court Decision Expected to Cause Many Increases.

AUDITOR QUOTES LAW.

No Interest Will be Charged Where It Was Shown Omission Was Not Fault of Taxpayer.

Richmond, Nov. 11.—A recent decision of the Supreme Court having cleared up a contested point in the tax laws, over which the officials themselves had been in disagreement, special instructions will shortly be issued by Auditor of Public Accounts C. Lee Moore to commissioners of the revenue and examiners of records throughout the State. Mr. Moore said yesterday that he was preparing a circular of general instructions, which would contain a portion of the opinion referred to, together with definite instructions for carrying out the law as now construed. The inquiry will not be limited to estates, but will be made also with regard to individual taxes for past years, and in a number of instances the State will seek to reopen the assessment and ascertain if certain stocks and their properties were assessed for taxation.

"We are not after any individuals," said Auditor Moore yesterday. "A good many people and some officials did not think that certain intangible property was taxable under certain conditions, and so did not return them. Now, it has been decided that they are taxable, and that the State has the right to reopen the assessment and see that they are included. The cases to come up will apply to individuals as well as to estates. We have just been able to make a start in this work, now that the tax law has been more clearly defined. From information already in hand, I believe that a large amount will be turned into the State treasury."

Mr. Moore in his circular to the thirty-one examiners of records, quotes the following from the statute in regard to assessment of omitted taxes:

"If the commissioners ascertains that any person, or any real or personal property, or income, or salary has not been assessed for taxation for any year, or that the same has been assessed at less than the law required for any year, or that the taxes thereon for any cause have not been realized, it shall be the duty of the commissioner to list the same and assess the taxes theron at the rate prescribed for that year, adding thereto interest at the rate of 6 per centum per annum. Where the same was omitted by no fault of the person charged with the taxes no interest shall be charged."

"It is my interpretation of the law," said Mr. Moore, "that not only is the party or citizen seeking redress for excessive taxation liable to an examination into his past or back tax returns, but also that it is the manifest duty of the commissioners of revenue and such other state and city officials as have the assessing of property assigned them, to correct any and all possible errors in the assessment or collection of such back taxes as is compatible with justice."

Died From Shock.

Kingston, N. Y. Nov. 11. —An autopsy performed upon the exhumed body of Miss Myrta G. Freer, who died October 7, at Port Ewen, Ulster county, revealed the death of the 20-year-old girl resulted from shock following an operation for cancer.

The autopsy was performed under the direction of District Attorney William D. Cunningham at the request of the girl's father, Frank Freer, of Kearney, N. J., who was suspicious of the cause of death.

NEWS OF THE DAY.

The Supreme Court of New Jersey yesterday set aside the conviction of William B. Haywood, the Industrial Workers of the World leader, who, with two others, was found guilty of disorderly conduct during the recent silk mill strike in Paterson.

Receivers of insolvent corporations are not required to pay the corporation tax imposed by the Payne-Aldrich law, according to a decision by the Supreme Court. The decision was rendered in the case of the Third Avenue Railway Company, of New York, but the principles laid down are applicable to many other corporations placed in the hands of receivers by courts. The contention that such corporations were not "doing business" within the meaning of the law was sustained.

Mrs. Benjamin L. Banks, one of the most prominent women of Kentucky, shot and killed her only child, a boy aged 12 years, and then blew out her own brains at her home in Richmond, Ky., yesterday. The tragedy followed the receipt of news announcing the sudden death from pneumonia of her husband in Adair county, where he had been visiting his parents. Mrs. Banks was formerly secretary of the State Federation of Women's Clubs.

Henry D. Spencer, the most remarkable murderer ever known in Illinois, was brought to trial yesterday at Wheaton, Ill., to answer for the slaying of Mrs. Mildred Allison Rexroat, the Chicago tango teacher. Spencer's defense as outlined by Anton Seman, his attorney, will be remarkable. "My client is a man without a soul," declared Attorney Seman "Spencer is a human being in whom the moral development was arrested in an early stage, as the physical growth is arrested in a dwarf, or the mental development in an imbecile. If Spencer could live 200,000 years he might develop sufficiently to become amenable to the laws of the twentieth century. Spencer is not responsible for his acts."

With ancient pomp and ceremony, Sir T. Von Sitart Bowater was installed yesterday as Lord Mayor of London. After the ceremonies in the Guild Hall the new Lord Mayor was driven in state accompanied by the sheriffs ,aldermen, and councillors of London, to the law courts where the oath was administered by Sir Rufus Isaacs, the new lord chief justice. The pageant in the streets was marked by picturesque costumes and old time forms.

WOMAN STANDS ON CORNICE.

Passes Part of Day and Night Thinly Clad on Roof.

Clad in night raiment, her hair fluttering in the cold breeze, her feet torn and bleeding, Mrs. Effie Riordan, a beautiful woman of 28 years, wife of Emmett Riordan, a prominent business man, of 228 Seventh street southwest, Washington, stood on the cornice of the roof of the Maryland apartments, at Seventh street and Maryland avenue, early this morning and attempted to jump to the ground, 40 feet below.

Just as she set herself on the very edge of the roof, prepared to make the leap, two men, who had crept unawares to the housetop, grasped her garments and dragged her to safety.

Her husband, with four companions and several policemen, stood on the ground under the roof and pleaded with her to wait until help came. She was crying at the top of her "Give me water."

"I want water," she shouted. "Give me water."

She had been on the roof the entire day. Clad in her thin nightgown, she kept herself warm by holding her face over a chimney. Her face, when she was brought down was covered with soot, and her feet were bleeding from her wied scramble over the roofs of houses in the block.

Mrs. Riordan jumped out of the second story of her house early yesterday morning on to the roof of an extension of the house. She then ran across the street, into a second-hand clothing store, and made for the roof. No one saw her go up.

A sister of Mrs. Riordan says that the woman several years ago had a terrible experience with a burglar, who frightened her while attempting to gain admittance into her home. She was then stricken with nervous prostration.

RISKS TAKEN IN RAILWAY TRAVEL

President Finley, of The Southern Railway Makes Statement.

LESS ACCIDENTS NOW.

Says Mishaps are Exaggerated and Alleges That There is More Danger On Other Branches of Travel.

Washington, Nov. 11.—President Finley, of the Southern Railway Company, speaking of railway accidents says:

"There has never been a time in the history of railways when so much attention has been given to the prevention of accidents as at present This is a matter to which railway managers in all parts of the United States are giving constant and intelligent attention, and the accident bulletins of the Interstate Commerce Commission show that progress is being made and that the safety of railway travel is being increased. Thus, in the fiscal year ended June 30, 1910, there were 395 passengers killed on the railways of the United States, or one in every 2,459,957 passengers carried, and the ratio of passengers killed to the number of miles traveled was 81,869,610 miles. In 1911 the number of passengers killed was reduced to 356, or one in every 2,801,713 passengers carried and one in 93,263,187 miles traveled by passengers. In 1912 the number of passengers killed was 318. Complete statistics of passengers carried and miles traveled in 1912 are not yet available, but, as there was a substantial increase in passenger traffic over 1911 and the number of fatalities was less, the ratio of passengers carried and miles traveled was reduced.

"There is, I believe an exaggerated idea of the danger of railway travel. This is due, in my opinion, to the wide publication of accounts of those occasional accidents, in, which, unfortunately, a number of passengers are killed and injured, and to the fact that while complete and accurate statistics are compiled by the Interstate Commerce Commission, there are no complete and reliable statistics as to other accidents for the United States as a whole

For the calendar year 1911, the census bureau reported 42,331 cases of accidental death, exclusive of railway accidents As bearing on the comparative safety of different ways of travel, it may be noted, that as compared with 318 deaths of passengers from railway accidents in the entire United States, there were in the registration area, 1,883 deaths from street car accidents, 1,291 from automobile accidents and 2,237 from accidents in connection with other vehicles.

ADVISES HUERTA TO RESIGN.

Profirio Diaz Asks Dictator to Save Mexico From Calamity.

Paris, Nov. 11.—General Profirio Diaz has advised General Huerta to retire from the presidency of Mexico. Two friends of General Diaz, each acting separately and by authorization of the ex-president, sent telegrams to General Huerta last week to this effect.

In outlining his attitude General Diaz said that in the present situation of the Mexican people in relation to the United States, it was not a question of whether Huerta was the best man for the presidency, nor was it a question of whether the revolutionists were right or wrong; it was a question of patriotism. He counseled Gen. Huerta to renounce any feelings of personal prestige or power and thus save Mexico from a calamity.

General Diaz said to his friends that he would have telegraphed to General Huerta himself only he had thus far taken no direct step in Mexican affairs since he left the country and would prefer to convey his convictions through his friends.

DISASTER IN BLIZZARD.

Many Persons Believed to Have Been Drowned on Lakes.

A father and two children were blinded by the blizzard and run down by a train at North Judson, Ind.

Two other persons in Indiana were killed in the same way.

Four men were killed in the storm by a train at Sarina, Ontario.

Two men were blown from a bridge in Chicago and drowned.

United States Senator Cummings and 300 people were snowbound and starving near Washington, Pa., when rescued.

The blizzard that has gripped the Middle West for twenty-four hours arrived at Buffalo yesterday morning, bringing a 70-mile-an-hour gale and drove before it clouds of snow and sleet, attaining a maximum of 7.3 inches shortly before noon, and there were indications that it would last all night.

At noon snow was drifted from 2 to 5 feet deep, especially in the outlying districts, completely tying up suburban car lines and seriously crippling city service.

Conditions on the trunk lines west of Buffalo grew worse as the day advanced.

Trains from the storm center west of Buffalo, came in covered with ice and from 3 to 7 hours late.

The storm continued with unabated fury into the afternoon and during last night.

A large steel freighter overturned, was found floating in Lake Huron late yesterday, about eight miles northeast of Port Huron. It is believed the steamer, is a 600 footer and that she carried a crew of 40 men. It is probable that every soul on board has been lost.

In the face of a 50-mile gale, shifting from northeast to northwest, on Lake Superior last night, fear is expressed for the safety of the crew, numbering 28 men, aboard the steamer stranded on Gull Rock, off Manitou Island, at the extreme end of Kewanee point According to reports three other steamers are stranded at different points on Lake Superior, and three craft are missing

MISS ZELIE EMERSON DYING.

Fought London Police Who Tried to Arrest Miss Pankhurst and Got Fatal Blow.

London, Nov. 11.—Miss Zelie Emerson, the American suffragette, of Jackson, Mich., is probably fatally ill from concussion of the brain, the result of injuries received during a riot, November 5, at Bow Baths, in the east end of London.

Announcement to this effect was made yesterday by Mrs. Ducre Fox, at the regular weekly meeting of the Women's Social and Political Union, a militant suffragette organization.

Miss Emerson presided at a meeting at which it was announced that a volunteer corps was to be organized for the protection of the militant suffragettes. Miss Sylvia Pankhurst was present and when the police tried to arrest her a violent fight with sticks and clubs took place. In the course of the battle Miss Emerson was knocked down with a blow on the head.

DENIED BY THE SUPREME COURT

Virginia's Plea For Instant Settlement by West Virginia.

TIME FOR AGREEMENT

Chief Justice White Gives West Virginia Until April 13th to Settle Matter Out of Court.

Washington, Nov. 11.—Chief Justice White, of the United States Supreme Court has denied the request of the State of Virginia to issue an order directing the State of West Virginia at once to pay to Virginia the 7,000,000 debt, outstanding with interest since the younger state separated from the Old Dominion about 50 years ago, but expressed the opinion that a settlement out of court was still possible and gave the States until April to reach such an agreement.

The case was set for a hearing on April 13th, in the event an adjustment is not reached before that time. The court sets the date in April declaring that if an agreement had not been reached then, argument could be heard from either side and a final decree rendered by the court before adjournment of the present term June 1st.

The Supreme Court some time ago rendered a decision that West Virginia should pay to Virginia the amount of the outstanding debt, but left the adjustment of the matter to a commission composed of members of both States. Its order today indicates that the court is still in favor of an amicable settlement between the states and denies Virginia's plea, in hope of such a settlement, but declaring that if such an agreement proves impossible the Supreme Court will go further and order judgment in favor of Virginia.

Some weeks ago Attorney Samuel W. Williams, of Virginia, appeared before the court and asked that a decree be rendered ordering West Virginia to make payment with interest, as the negotiations ordered by the court were apparently fruitless

Attorney-General Lilly, of West Virginia, filed a brief in opposition to this, declaring that West Virginia was making all possible efforts to reach an agreement with Virginia, and that Attorney General Williams' plea had been entered just at a time when the West Virginia commissioners had excellent hope of settlement.

Lilly asked for six months in which to adjust matters, but this the court denied because it granted it would make a final decision by the court impossible for a year, whereas, by putting the case up for argument April 13th, the case could be disposed of at the present term.

It is possible the joint commission may take cognizance of today's decree by calling another joint meeting.

FINED FOR NOT FLINCHING.

Judge Decided Man Facing Pistol was Fool to Talk Bravely.

Wilmington, Del., Nov. 11.—Declaring that any man who used the expression, "Don't miss your mark," to a man who was holding a loaded revolver to his chest was either foolish or reckless, Judge Churchman, in City Court yesterday, fined George Keenan $25 and costs for assault and battery upon John W. Powell.

Keenan, who is an applicant for a position on the police force, said Powell pointed a loaded revolver at him, and, to show his courage, he told Powell, "John, don't miss your mark," after which he took the weapon away from him. His brand of courage did not seem to make much of an impression on the court and the heavy fine followed.

BOY KILLS BABY BROTHER.

Shooting Remained a Mystery Till Tiny Sister Blurted Out Accusing Words.

Philadelphia, Nov. 11.—Three words from the lips of a 3-year-old girl cleared the mystery surrounding the killing of a 2-year-old boy in Camden yesterday afternoon, Philip Batista, of No. 211 Clinton street, was shot through the head and so badly injured that he died soon after being admitted to Cooper Hospital. The child was found in the kitchen by his mother, who had just returned from a rear yard, where she had been hanging up clothes. In the kitchen were a 3-year-old sister of the injured child and a 5-year-old brother.

Noticing blood on the baby's forehead, the anxious mother inquired what had happened. The 3-year-old was silent, and her brother walked upstairs. While the child was being taken to the hospital word was sent to the police. Detective Hart and Policeman Caputi were detailed to the house, and for more than an hour the shooting was a mystery or until suddenly the 3-year-old girl, pointing to her older brother, said: "Patsy done it."

Patsy or Pasquilla, was taken to police headquarters, where he admitted being responsible for the fatal shot, but insisted that he had no desire to kill his sister. Through an interpreter he said he was playing with a revolver he found in a closet and it was accidentally discharged.

WILD MAN BRINGS TERROR.

Eats Clover and Other Field Provender and Camps in Woods.

Federalsburg, Md., Nov. 11.—An unknown man, from all appearances an escaped lunatic, wild man or a hermit, has made his appearance on several farms and in the woods near here, creating alarm lest he may do damage or bodily harm. On several occasions he has been seen walking along the roadside, eating corn off the cobs, and at other times farmers have discovered him in their fields eating clover and green citrons. The man's hair looks as though it had not been cut for years, and his face presents a horrible appearance.

Sunday night a big camp fire was seen in the woods on the Houston's Branch road, and it is supposed the man camped there for the night. Sunday Elijah Swiss and Howard Williams passed the man on the road and found him eating horse corn with the hunger of a wild beast.

Farmers in the section where he habitates will not allow their wives and children to venture to town without a man escort.

TRAINMEN WIN FROM RAILROADS

Employes Succeed in Getting Raise of Seven Per Cent.

$6,000,000.00 ANNUALLY.

Board of Arbitration Grants Half of Demands—Addition Just Balances Cost of Living.

New York, Nov. 11.—The long-lived controversy between railroads of the East and their conductors and trainmen over the latter's demands for more pay ended last night. The employes are granted an increase in wages averaging 7 per cent and totaling $6,000,000 annually—about half of what they wanted—from October 1 last, effective for one year. One hundred thousand men will share in the increase.

Arbitration was accomplished under the Newlands amendment to the Erdman act. The controversy threatened at one time to tie up by strike the transportation facilities of all States east of the Mississippi river and north of the Ohio.

The award of the arbitration commission is binding and final. The two board representatives of the employes filed a minority report in addition, and the two representatives of the forty-one railroads a dissenting opinion.

In reaching its award the board ruled mainly against the employes on four out of five points submitted as reasons why the increase should be granted and found for them on the fifth—the increased cost of living Since 1909, when last an increase was granted, the arbitrators found the cost of living has increased 7 per cent. Certain minor contentions embraced also were conceded to the employes. It was, therefore, more than a coincidence that the increase granted in wages is exactly the increase in the cost of living as outlined by documents introduced by the employes.

"The board does not found its action entirely upon the increased cost of living" reads the award, a document of seventy-five printed pages, though it looks upon this as basis

Without attempting to standardize the rates of pay between railroad employes of the East and the West, the board asserts its belief that it is desirable, but not possible at the present time. Upon this the award voices the opinion that Congress would make an inquiry as to whether there is any longer a substantial reason for the maintenance of a wage differential between the two sections.

WILSON AND BRYAN.

Report of Misunderstanding On Mexican Affairs Denied.

Washington, Nov. 11—Vigorous denial was made in administration circles this morning of reports that President Wilson and Secretary Bryan had reached the parting of the ways on the Mexican problem. According to these reports the President has about reached a decision to lift the embargo on the shipment of arms and ammunition to the constitutionalists. This course, says the report, is being opposed by the Secretary of State, who is described as being insistent that nothing should be done by the United States to increase the bloodshed in Mexico.

As a matter of fact, according to the friends of the President and Secretary the two have been and are now working in absolute harmony and they declare that if the President has dictated the Mexican policy up to this time, he has been warmly sustained by Mr. Bryan.

Segregation Tax Plan Discussed by Chamber of Commerce—After Armor Plant

At a meeting of the Chamber of Commerce last night the plan prepared by C. Lee Moore state auditor, for the segregation of the state taxes in order to overcome the disadvantages under which the cities of the state are now placed because of the heavy drain upon them to support the government in the counties, was informally discussed and the proposition referred to the legislative committee of the Chamber which has been in correspondence with all the other chambers of commerce in the state looking to the holding of a conference to revise the taxation laws.

Under the Moore plan which gives the cities and counties the entire amount of state taxes on real estate and personal property and reserves for the commonwealth the entire taxes on public service corporations, rolling stock, bank stock and the capitation taxes, Alexandria city will receive additional revenue to the extent of $12,604.07. Alexandria county will lose $4,679.08. In the dispatch published in the Gazette yesterday from Richmond the figures were erroneously given.

The Alexandria Chamber will send a committee to Richmond to attend a meeting which will be called shortly to consider the Moore plan in detail.

At last night's meeting the question of the location here of the proposed armor plant to be established by the government was considered and plans for an active campaign to secure the location of the plant were made. Data is to be prepared giving the cost of all raw materials laid down in Alexandria, available sites, labor supply, house rent, schools, and other factors which will determine the location of the plant.

It was announced that the new direct mail service between Alexandria and lower river points went into effect yesterday and was very satisfactory to the merchants of this city.

RYAN GETS NINETY DAYS.

Old Offender Reappears in City and Is Arrested on Chronic Charge.

During the early part of September, several men, regular patrons of the Police Court, who spend a large percentage of their time in jail for habitual drunkenness, were brought before the police court and given 90 days in jail, which made them eligible for work on the roads of the State. Among the number was John Ryan, whose name had often appeared on the blotter. Ryan promised that if liberated he would leave the city. He was conducted to Washington by an officer and was assured that should he reappear in Alexandria he would join the other road recruits.

Officer Miller found Ryan drunk on the streets yesterday and took him to the station house. He was arraigned before the Police Court this morning when his attention was called to the fact that he had violated his parole and reappeared in Alexandria in a drunken condition. Justice Caton gave him a 90-day sentence.

Attempt to Blow Postoffice Safe.

Danville, Va., Nov. 11.—An attempt was made in the night hour of Saturday and Sunday to blow open the safe of the postoffice of Schoolfield, a suburb of Danville.

When Postmaster Johnson opened the building yesterday morning, he discovered that the outer steel sheath of the safe had been blown off, and asbestos packing lay scattered round the office.

The inner covering remained intact and the robbers left without reaching the $350, which sum of money was in the safe.

Entrance was effected through a side window. A bottle with some nitroglycerine and tallow soap was all that was left by the burglars. It is thought that the explosion occurred at the time of a heavy rain of Saturday night.

CHALONER'S WARNING

Cry of "Bull" Doesn't Feaze Proprietor of "Merry Mills" in Speech.

Richmond, Nov. 11.—"Let England beware that she does not go too far. We hold Canada in pawn and will cross the frontier within twenty-four hours after she makes a hostile move," said John Armstrong Chaloner at the Rex Theatre Sunday night.

"Bull," came from a bass voice in the audience.

Mr. Chaloner stopped abruptly clenched a fist and shook it at the row of seats from whence the interruption came. He said: "I've been booed at most of my life. You can't feaze me. I am going right on with my lecture and I don't expect to hear anything more from you, whoever you are."

Discussing the situation in Mexico, Mr. Chaloner said he hoped the administration would remove the embargo upon the shipment of arms to the Constitutionalists. He said the attitude of Great Britain was alarming, charging that her bankers are aiding the Huerta administration to pay officials salaries with the hope of securing valuable oil-grants in return.

Mr. Chaloner reiterated his belief Harry Thaw will eventually be freed.

Danville, Va., Nov. 11.—C. Nowlin, a white man, who drives the local mail wagon, was fined $10 in Police Court yesterday morning for being cruel to his horse. Nowlin placed a storage battery beneath the seat of the wagon, joined the terminals to copper wires, which he ran along the shafts to the harness. He declared in court that he expected the shock to hasten the horse's gait, but when he threw on the current and seventy volts passed through the animal it fell to the ground. The Society for the Prevention of Cruelty to Animals officer caught him.

ALLEGED CAUSE OF IMMORALITY.

"The problem novel" is held as the chief cause of immorality in the United States, according to the report of the vice committee presented by Chairman J. Frank Chase, of Boston, at the session of the International Purity Congress in Minneapolis, Minn., yesterday.

Since the days of the Garden of Eden men have imagined sin entered into the world through different channels. Populists a few years ago supposed the enemy of mankind had his headuarters in wall street. Now the novel is arraigned.

The "problem novel" alluded to above may addle the brains of some people, but such are liable to become victims of anything else. It is, however, believed by many that the higher class novels, instead of working evil, have the opposite effect.

No one will dispute the assertion, however, that the great bulk of so-called novels with which the world is flooded at present are neither instructive or inspiring. Like wine, the old are the best.

CHURCHES AND DISEASES.

Warning that the church is a place where the spread of disease is comparatively easy is given in a report issued by the United States Public Health Service. The report says that disease often is communicated by persons in overcrowded everheated churches. Children at Sunday school are disease-carrying agents, says the report.

The number of excuses urged by people now for not darkening church doors is legion, and, according to the above, another is to be added—the liability of contracting contagious disease. Many will prefer to believe danger lurks in churches, hence there is a likelihood of more ministers facing more empty churches.

THE PREVAILING ARCTIC WAVE.

The wintry conditions which set in over a large area of the United States on Sunday continue at various places, although the tail-end of the blizzard seems to have touched Alexandria and vicinity. There was ice this morning, but no seventy-two mile gale as that which struck Buffalo and other places, and lashed the lakes into fury, causing loss of life and marine disasters.

While bleak winds swept the Potomac and Chesapeake Bay last night, steamers are arriving and departing as usual with no mishaps reported. The steamer Southland, from Norfolk arrived at this port this morning about an hour late, owing to head winds and low tides.

As is the case at the first touch of winter, many have been caught unprepared for the chilling blasts, and the poor, which we have with us always, have additional troubles to face.

While the frigid wave is now passing out to sea, conditions are liable to be uncomfortably cold for several days at least.

MAY NOT SEAT LEE.

Lawyers in Senate Believe Maryland Election is Illegal.

In an informal conference of Republican senators, it has been determined to oppose the seating of Blair Lee as senator from Maryland for the unexpired term of the late Senator Rayner, the place temporarily filled by Senator William P. Jackson, by appointment.

It has been settled for some days that there would be such opposition. It raises serious doubt whether Lee will take his seat in the senate until the legislature of Maryland meets and authories a new special election, and that election is held.

The Republican opposition is based on the ground that there is nothing in the Maryland election laws under which a United States Senator can be elected under the recent direct elections amendment. Governor Goldsborough held otherwise on the strength of an opinion furnished by Attorney-General J Edgar Allen Poe, of Maryland.

Senators Root, Sutherland and others of the ablest lawyers in the Senate combat this view, and hold that the governor had no authority to call an election without first being authorized by the legislature to do so. The Senate, of course, is judge of the eligibility of its members, and can seat Lee if it wants to. The difficulty is that if the attempt is made to seat him it will involve a prolonged debate.

London, Nov. 11.—The funnels of the Cunarder giantess Aquitania, now building, are large enough for the Comet, one of the first steamships ever built, to pass through them.

Couldn't Locate Crime.

Paris, Nov. 11.—The concierge of an apartment house heard cries of "murder" and "help" on the telephone, but the police found the telephone company's record so slovenly that the calling number could not be learned.

Fire in Richmond.

Richmond, Nov. 11.—Fire that threatened a large portion of the lower section of Barton Height raged for more than an hour last night, destroying the home of Robert D. Brown, a colored undertaker on St. John street extension, and that of William Gray next door.

Hard work, continuing for nearly two hours, by the Barton Heights department, and the Richmond firemen kept the flames from three or four buildings close to the two destroyed

Storm in Pittsburgh.

Pittsburgh, Pa., Nov. 11.—Lashed today by a fifty-mile gale, this city was the jumping off place for the tail end of the big storm, according to weather officials here The snow stopped falling when it had piled up fifteen inches but more late today was the forecast. From many points within two hundred miles came stories of death, suffering and loss as communications were reestablished

Beiliss Went to Jail.

Kief, Russia Nov. 11.—Guarded by soliers and police, Mendel Beiliss, the Hebrew laborer acquitted of the ritual murder of the Christian body Andrew Yushinsky, remained hidden in his little home today in fear of assassination. He and his family to whom he has been restored after almost three years in prison, expect to leave the country as soon as they can get funds.

At his own request Beiliss went back to jail and was allowed to spend the night in the same cell where he was so long compelled to stay. When the jury, after half an hour's deliberation, yesterday declared Beiliss guiltless, the Hebrew with sobs of joy went home, guarded by soldiers with drawn sabers.

Seattle, Nov. 11.—"Invisible government by organized dollars" was attacked in the report of the executive council of the American Federation of Labor to the convention, which began here today. The recent Congressional lobby investigation and the charges of M. M. Mulhall against the National Association of Manufacturers formed the basis of the attack.

BEILLISS IS ACQUITTED.

"Black Hundred" Threatens to Massacre All Hebrews.

Kieff, Russia Nov. 11.—Following the verdict yesterday that freed Mendel Beiliss, Jewish laborer from the charge of "ritual murder," there was much excitement throughout Kieff, because of the threats of the representatives of the Black Hundred, an anti-Jewish organization,that they would start a massacre of Jews if Beiliss was acquitted. Hundreds of peasants who had gathered there for the end of the trial, shouted their denunciations of the verdict. The Jews remained in doors and many barricaded their homes It was estimated that several thousand have left Kieff since the trial began, fearing a massacre in the event of acquittal.Beiliss probably will go to America to live

The trial of Mendel Beiliss, which began on October 8, aroused greater interest throughout the world than any other criminal trial since the Dreyfus case in France. Although intrinsically only an ordinary criminal case the Kieff trial held the attention of the world because of the religious elements injected into it by the Russian government The anti-Semitic hostility of the government here was given free play

The body of Andrew Yushinsky was found in a cave on the outskirts of Kieff on March 25, 1911. M.Krassovsky chief of the Kieff police, investigated. His findings were reported and he was deposed. A short time later the successor of Krassovsky announced that evidence had been found indicating that a "ritual crime" had been committee

Beiliss an employe in a brick works, was arrested He denied the crime, and his story was so plausible that a movement in his favor was started. M. Grousenburg and other prominent Russian attorneys were retained in his behalf. The contention of the defense was that Yushinsky had been killed because he knew too much about the criminal operations of a band headed by a woman named Vera Tchebrick.

Beiliss was in prison for two years during which time he was subjected from time to time to the "third degree" with all the traditional severity of the Russian police. He remained steadfast in his protestations of innocence and his last words when the case went to the jury were:

"I am innocent of any crime."

Mrs. Catherine Blake Withdraws Action Against Mrs. Clarence Mackay.

New York, Nov. 11.—Announcement is made by Arthur C. Train counsel for Mrs. Clarence H. Mackay that the action commenced in the Supreme Court by Mrs. Joseph A. Blake against Mrs. Mackay, for $1,000,000 for alleged alenation of her husband Dr. Joseph A. Blake has been discontinued.

"At the time Mrs. Blake signed consent to the discontinuance of the action," the announcement read, "she executed an instrument releasing Mrs. Mackay from all claims of every description and character. Not one cent has been paid or promised Mrs. Blake, either by Mrs. Mackay or any one acting for her, or on or her behalf for the discontinuance of the law suit or the execution of the release"

There has ben reports that Mrs. Blake would withdraw her suit if reconcillation between her and Dr. Blake were brought about.

The $1,000,000 brought by Mrs. Blake against Mrs. Mackay, the summons and complaint in which were filed on October 14, attracted wide spread attention not only because of the great sum involved but because of the prominence of the two families.

Suicide in Lynchburg.

Lynchburg, Va., Nov. 11.—J. Hunter, aged 32 years, who was in charge of the car routing department of Morris & Co., the Chicago meat packers, committed suicide in a hotel here last night, by shooting himself through the head with a revolver. He had been here several days on business, but no reason can be assigned for his act. He is a son of J. A. Hunter, of Goodes, Va., and prior to going to Chicago, where he had his headquarters, was manager for that concern here

Three men were killed and at least one person was injured in a freight wreck yesterday on the Grand Trunk Railroad, near Wanstead, Ontario. The accident occurred in a blinding snow storm. A heavy Grand Trunk freight train became stalled at Wanstead, and a short time later a west bound freight train crashed into it.

Will Not Recognize Provisional President Huerta or Any of his Acts.

London, Nov. 11.—Walter H. Page, United States Ambassador, yesterday presented the British Foreign Office another message from President Wilson, the general effort of which is that under no circumstances will the President recognize Provisional President Huerta or any of his acts.

Pesident Wilson's message is regarded here as in the nature of an interim report not calling for a reply. Great Britain therefore awaits a more definite pronouncement from President Wilson setting forth precisely the steps he purposes to take to enforce his policy before sending a formal reply.

British officials are inclined to resent what they term the persistent misrepresentaiton of Great Britain's attitude current in the United States. They deny that any British money has been advanced to support Provisional President Huerta.

The message from President Wilson to the British Foreign Office was delivered verbally.

Late yesterday afternoon a telegram was received at the British Foreign Office from Washington giving an outline of the policy expected to be followed by the United States in the event of the continuance of Provisional President Huerta's present attitude. Complete reticence was observed by the officials of the Foreign Office as to the contents of the dispatch.

DON'T LET YOUR HAIR SPOIL YOUR GOOD LOOKS

Take the right care of your hair, and instead of spoiling your good looks, it will improve them. You can't beautify your hair with barettes, ribbons and such things. Knicknacks make homely hair look even worse, because the contrast shows off it sufliness to greater effect.

If you want beautiful hair—soft, silky, lustrous and glossy—use Harmony Hair Beautifier, a dainty, liquid hair dressing. Use it also if you want your hair to go into place—a wavy, graceful fashion—more easily, and stay where you put it. It overcomes the unpleasant, oily odor with a delightful rose fragrance. very easy to apply—simply sprinkle a little on your hair each time before brushing it. Contains no oil; will not change color of hair, nor darken gray hair.

To keep hair and scalp dandruff-free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick, thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness—just a sweet cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, $1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—The Rexall Store—one of the more than 7,000 leading drug stores of the United States, Canada and Great Britain, which own the big Harmony Laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made. William Sulzer asserts that he is still Governor of New York. In a letter to the State Treasurer he demanded his full salary for the last half of October, 1913, amounting to $430.14 His letter asserts the impeachment proceedings were "illegal, unconstitutional, and void." It closes, "I am still legal governor of this state."

Health Restored by Eckman's Alterative

Glandular trouble, very frequently diagnosed by physicians as "Tuberculosis in the Glands," has been found to yield to Eckman's Alterative when other treatments did not bring relief. Eckman's Alterative is a medicine which during the past fifteen years has brought about many recoveries even in a number of supposed hopeless cases. Read this:

257 Lauriston St., Phila., Pa.

Gentlemen: In March, 1907, my doctor pronounced my case Tuberculosis in the Glands, and a number of operations in a hopeful effort to benefit me. In the meantime a friend of mine advised Eckman's Alterative. The wounds in my neck were still open and in a frightful condition when I started to take it. After using two bottles I found I was improving, having gained weight, could eat and was able to sleep. I continued using it until I was well, which was in November, 1910. On November 11, 1910, I started to work, and since that time I have not lost one day's work through sickness. I highly recommend Eckman's Alterative to anyone who is suffering from Gland trouble.

(Affidavit) JOSEPH B. WHITE.

(Above abbreviated; more on request.)

Eckman's Alterative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in upbuilding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling of recoveries and write to Eckman Laboratory, Philadelphia, Pa., for evidence. For sale by all leading druggists
